

Use this checklist to guide you through the process of starting a blog. You can follow the exact steps in the article [How to Make Money With a Blog For Beginners](#).

## Starting a Website Checklist

- Register your domain (~\$10 or *FREE* at [Dreamhost](#) with host plan)
- Sign up for a hosting account (~\$100)  
*(I recommend [DreamHost](#) for your domain and hosting )*
- Connect your domain to your hosting account  
*(This is already done if you have everything at one place)*
- Install WordPress through your hosting account
- Purchase and upload a theme from [ThemeForest](#)
- Install the recommended WordPress plugins
- Sign up for [Google Analytics](#)
- Sign up for [Adsense](#) and [Affiliates like CJ.com](#)
- Start writing epic content for your site and guest post!
